Dear colleagues and friends,

The Italian Dermatological Hospital of Quihà has the honour to invite you to participate in the First International Congress on “Dermatological Care for All — A Basic Human Right” in Ethiopia, organized by “San Gallicano Institute—Department of Preventive Medicine of Migration, Tourism and Tropical Dermatology”—Rome and the “International Institute of Medical, Anthropological and Social Sciences”—Rome.

The Congress will be held in November 1-4, 2006.

The opening session will start November 1st, 2006 in Addis Ababa, and the successive sessions will continue in Mekele November 2-4.

This congress will provide a great opportunity to sensitize the attention on cutaneous pathologies in Africa and on the needs and the expectations of scientific cooperation of this country, as well as the opportunity to interact with colleagues from different cultures and backgrounds.

Sincerely yours,

Aldo Morrone MD

San Gallicano Institute—Rome

Programme: The Congress is aimed at providing an updating of the most important dermatological diseases, with particular reference to epidemiology, clinical feature and therapy of sub-Saharan African dermatoses.

The main topics will be infectious diseases of the skin, inflammatory dermatoses, dermatology and focus on skin as target organ of systemic diseases.

Moreover, low cost diagnostic and therapeutic models will be shown, designed for an early recognition and care of different dermatological diseases, STIs and HIV/AIDS
